

2024 SRS Board of Directors Candidate
Conflict of Interest Committee Member-at-Large
Peter L. Franzen, PhD

Dear Colleagues:

I am interested in serving in the Conflict of Interest Committee Member-at-Large position. I have been a member of the Sleep Research Society for more than 15 years, first as a trainee member and participating in trainee day at the SLEEP meeting during my graduate and postdoctoral training, and now as a full member. I have also previously served on the SRS Membership Committee, and am interested in further service opportunities within the SRS. By way of background, I am currently an Associate Professor of Psychiatry and Clinical and Translational Science at the University of Pittsburgh School of Medicine, and co-director of the Translational Research Training in Sleep Medicine T32 program. My research program focuses on the importance of sleep for affective function and psychopathology, particularly during adolescence.

Sincerely,

Peter L. Franzen, PhD
